Honor Roll

A word from the Directors:

Kevin Botterill –Director of Coaching

In an effort to keep everyone informed of the things that are going on around the club we are going to be producing a monthly newsletter. This is obviously the first. We

will use this to keep you in the loop of upcoming events, let you know about achievements of teams, players and coaches within the club and also let you get to know some of our coaches a little better.

As most of you know Cosmos is committed to growing the game of soccer in the Central Valley and as such we provide a number of fundraising options that solely help players pay their fees. The biggest (and funnest!!) one of those is swiftly approaching. Cosmos Night is a Dinner/Dance/Auction that is basically a really fun night out that you can justify by saying it's for charity!! A minimum of \$25 of the \$50 ticket will go back to the selling players plus 100% of the proceeds from any silent, live or dessert auction items. The food is good, the DJ is great, the bartenders have heavy hands and the company couldn't be better. Please put August 5th in your calendar, book the babysitter and buy your tickets as quickly as possible.

We are still looking for any donations to help the night be more profitable. Contact doc@cencalcosmos.com if you can help.

Improve yourself

The best players are always working on their game. There is not one player in this club that would not improve by taking time out to do individual work with the ball. In this section we will give you ideas, drills and links to videos that you can use to improve yourself as a player.

To start with go to CenCalCosmos.com and click on "Player Resources" from the top menu. This has info on self-improvement, injury prevention and recruiting among other things.
